

WHAT'S NEW ON THE 2018 LIMITED-EDITION FOCUS RS

Following the cues of Focus RS enthusiasts, Ford is creating a limited-edition Focus RS hot hatch for the 2018 model year. In North America, 1,500 of the vehicles will be made available, with upgrades that include:

- Standard mechanical Quaife® limited slip differential for the front axle, further improves the 2018 Focus RS performance vs. the 2017 Focus RS
- LSD will be seamlessly integrated with the driving technologies that have made Focus RS a track standout
- Equipment currently part of the Focus RS2 package will be standard
- Available to order in summer for deliveries in 2017
